

STUDENT MAY LOSE ARM AFTER AUTO ACCIDENT

James Herbert Hill, 20, Nanticoke, Pa., Gettysburg College freshman, is a patient in the Chambersburg Hospital today where surgeons are laboring to save his left arm after an early morning auto crash.

Surgeons there were quoted as saying they may be able to save the arm but expect Hill never will have full use of it.

The arm was nearly torn off when the car Hill was driving sideswiped a highway marker. His arm was extending out of the window on the driver's side when the mishap occurred.

Hill, who is a member of the Sigma Chi fraternity, had gone with other students to a motel near Fayetteville where they were reported to have rented a section of the establishment to continue their Christmas dance that had begun here earlier in the evening.

Sign Caught Arm

He was returning to Gettysburg alone at 5 a.m. today when his car sideswiped a highway "keep right" marker as his machine mounted the central dividing strip in the four-lane section of highway near Caledonia Park.

The car came to a stop 360 feet to the east of the sign, state police from Chambersburg said. Hill was found in the car there by passing motorists. He was bleeding profusely and was rushed to the Chambersburg Hospital where he was taken immediately into surgery.

There was about \$20 damage to the left side of the car Hill was driving. It is owned by J. P. O'Malley, Odenton, Md., also a college student.

LICENSED TO WED

Wilbur F. Geisler, Gettysburg, and Dorothy Rosella Sands, Sykesville, Md., have secured a marriage license in Westminster.

THREE PERSONS ARE INJURED IN MISHAP TODAY

Three men received injuries and two couples enroute to a Gettysburg College fraternity dance escaped uninjured in accidents investigated by State Police of the local substation.

Damage was estimated at \$375 when two cars collided at 8:30 o'clock Friday night 14 miles west of here on the Lincoln Highway at the western edge of Mt. Newman. Police said Francis Leo Barrington, 19, Drexell Hill and another student were returning to the college with their "dates" for the dances, when their car skidded in the snow and smashed into another vehicle.

The driver of the other car, William Morrow, 48, of York, had slowed to about 15 or 20 miles per hour because of the slippery conditions and when he saw the Barrington car, headed east, skidding toward him, Morrow attempted to drive his west-bound vehicle off the road, Police said. The collision occurred as the Morrow car reached the berm.

No one was hurt in the mishap and the couples continued on to Gettysburg for the dance, police said.

Break Utility Pole

Three were hurt in an accident 5 1/2 miles south of here on the Emmitsburg Rd. at 12:30 a.m. today. Police said Roy Walter Starner, 27, York Springs R. 2, was driving north

Van Fleet Quits McCarthy

AUBURNDALE, Fla. (AP)—Gen. Van Fleet has broken with Sen. Joseph McCarthy over the Wisconsin senator's statement against President Eisenhower.

Van Fleet, who was a member of the committee which went after 10 million signatures of persons backing McCarthy in his fight against censure before the U.S. Senate, sent McCarthy a telegram yesterday renouncing his support.

The telegram said:

"I am shocked by your bitter attack against the President of the United States, a full copy of which I have read today on arrival home.

"In the past, I have supported you in your fight against international communism but never have agreed with your methods. This last attack on our great President causes me to withdraw all support."

Van Fleet, former commander of the 8th Army in Korea, said he considered McCarthy's talks during the censure hearing "insulting and blistering."

Countian Bags 12-Point Buck

One of the largest kills reported during the current deer season was a 12-point buck shot by G. Burnell Klinefelter, R. 5. A veteran hunter, Klinefelter says this is his best kill.

He sighted the 145-lb. buck near Mt. Newman, at about 10:45 o'clock Friday morning and shot him in the neck with a 30-30 rifle. Other members of Klinefelter's party were: James Treas, York St.; Howard Hartzell, Walter Coshun, and Kenneth Bupp, all of R. 5, and a Mr. Koonitz, of Hanover.

It is believed to be a Michigan flat horn deer, stocked in Pennsylvania number of years ago.

STATE AAA WILL PARTICIPATE IN SD OBSERVANCE

Wholehearted support of "S-D Day" (Safe Driving Day) next Wednesday sponsored by President Eisenhower's Action Committee for Traffic Safety was pledged today by R. B. Maxwell, of Harrisburg, secretary-manager of the AAA Pennsylvania Motor Federation.

Maxwell has appealed to the members of the State's 57 member AAA clubs and to all motorists, as well as to pedestrians, to observe every precaution to give Pennsylvania the best record of any state in the nation on "S-D Day."

The Federation, of which John S. Giles, of Reading, is president, has a membership of over 500,000 motorists throughout the Commonwealth.

"Success of 'S-D Day' in accomplishing the aim of the crusade for traffic safety—a 24-hour period entirely free of traffic accidents, injuries and deaths—can be attained only through the cooperation and determination of all our citizens to avoid mishaps," Maxwell stated.

Can Attain Goal

"We sincerely feel that the goal can be accomplished," the official continued, "if every man, woman and child will accept their individual responsibilities in this campaign."

Maxwell declared that an accident-free 24-hour period can be realized if every driver and pedestrian

U.N. Condemns Peiping For Jailing 11 Yankee Fliers And Demands Their Release

By TOM HOGGE

UNITED NATIONS, N. Y. (AP)—Backed by an overwhelming mandate from the U. N. Assembly, Secretary General Dag Hammarskjöld began efforts today to win freedom for 11 American aviators held by Red China as spies.

Hammarskjöld quickly accepted the mission after the Assembly yesterday approved, 47-5, a resolution introduced by the United States and its 15 Korean Allies condemning Peiping for jailing the fliers and demanding their release.

The vote was taken after two days of bitter East-West debate. The only opposing ballots were cast by the five-nation Soviet bloc which fought the item every step of the way. Yugoslavia and six Arab-Asian states abstained, apparently because of the clause condemning Peiping.

Record Late Vote

The Assembly poll originally stood at 45-5, but delegates for

PLAN WHITE GIFT SERVICE AT ST. JAMES

The annual White Gift Christmas Service of St. James Lutheran Church will be held Sunday afternoon at 4 o'clock, the Rev. Dr. Ralph R. Gresh announced. Members of the Sunday School departments and the church auxiliaries will bring gifts wrapped in white to the altar to be consecrated and then distributed to Loyalists Lutheran Children's Home and to local charities.

The musical program will be directed by Richard B. Shade, minister of music at St. James' Lutheran, and anthems will be sung by five vocal groups. Mr. Shade will also play "In Bethlehem's Town," by Carl F. Mueller as an organ prelude, and "Deck The Halls," by Jean Pasquet, as a postlude.

The Junior Choir will sing "Mary's Lullaby to the Infant King," by Richard Warner. The Junior High School Choir will sing "Carol of the Sheep Bells," by Richard Kountz. The Men's Chorus will sing "Christ Is Nigh," by Lee Kjelson.

The Senior High Choir will sing "Bells of Christmas," by Marshall Jenkins. The Senior Choir will sing "From Heaven High the Angels Came," by Clarence Dickinson. The four choirs will sing "Sweet Christmas Carols," by Agnes E. Patterson.

The regular Sunday morning services will be held at 10:30 o'clock at St. James Lutheran. The Senior Choir will sing "Good News From Heaven" by Martin Luther and Peter Tkach. The organ organ prelude will be "Fair-est Lord Jesus," by Garth Edmondson, and the postlude will be "Christmas Fantasy," by Roland Diggle.

County Democrats Will Enter Parade

Adams County Democrats will participate in the festivities attending the inauguration of George M. Leader as governor of Pennsylvania in January, Fred G. Klunk, county chairman, announced today. He said the executive committee reached this decision at a recent meeting.

The committee discussed the possibility of entering a float, band and a marching unit in the inauguration parade. Final plans will be made at a meeting in the court house, at 8 o'clock January 3.

Miss Jean Little, Gettysburg, church organist, will present a 20-minute organ recital before the wedding. Her selections will include "Bacause," "I Love You Truly," "Oh, Promise Me," "Ah Sweet Mystery of Life" and "The Lord's Prayer," She

COLLEGE GRAD DIES IN YORK

Attorney E. Philip Stair was stricken fatally with a heart attack Friday at 12:30 p.m. in his office at 109 E. Market St., York.

The 71-year-old lawyer resided at 4 Eastern Boulevard, East York. His wife, Mary M. Stair, died in March, 1953.

An attorney in York for 48 years, Mr. Stair was a member of the York County, Pennsylvania and American Bar associations.

Attorney Stair was educated in the York public schools and graduated from Gettysburg college in 1903 and the Law school of University of Pennsylvania.

At one time he was a partner in the law firm of Schmidt, Keesey, Stair and Kurtz with offices in the Security Title and Trust building, now courthouse annex. Other members of that firm—George S. Schmidt, Vincent K. Keesey and William H. Kurtz—also are deceased.

He is survived by two brothers, William S. Stair, York, and Hubert L. Stair, Philadelphia.

XMAS TOUCH AT FARMERS MART THIS MORNING

The Farmers Market assumed a more Christmas-like atmosphere this morning as attendants displayed a greater variety and number of Christmas decorations.

Wreaths were in abundance at \$1.25 each. Sprays of evergreen, some touched with silver paint and brightened with holly berries, sold at varying prices depending on size and quality. There were a number of table decorations, sprays of evergreen and pine cones in gaily painted, tiny buckets at 50 cents apiece.

Plans were announced by the farmers to hold the annual pre-Christmas special market Friday, December 24.

Cake, Tassel, Pine

Fruit cake was available today at 90 cents a pound. Such items as decorative turkey tassel and creeping pine were available at 25 and 30 cents a bunch respectively.

Turkey prices ranged around 50 cents a pound for toms and 60 cents and upwards for hens. Capons were also 60 cents a pound. Ducks and guineas sold at 55 cents a pound. Chicken prices were generally 50 cents a pound although older chickens were selling at prices of \$1 apiece.

Apples continued at a \$3 top price, with variations on the per bushel price depending upon quality. The half peck price was 45 cents and the peck price 75 cents.

Large eggs continued at 50 cents a dozen. A few pecks were available at 15 cents a box. Sauerkraut was 35 cents a quart; mince meat, 50 cents a quart; apple cider, 60 to 65 cents a gallon; pumpkins, 15 and

YOUNG FARMERS TO MEET

The first in a series of educational meetings will be held by the Gettysburg Young Farmers Association Tuesday evening at Gettysburg High School. A. M. Stagg will speak on livestock feeding. The session is open to all young persons who devote 50 per cent or more of their time to agriculture or farm related activities.

The President and his wife drove here from Washington yesterday afternoon and may motor today to Gettysburg to inspect their new battlefield home which will be ready for early next year.

It was learned in Gettysburg yesterday that inquiries have been made on behalf of the White House concerning the hours the Adams County Court House is open for voter registration. Last October the President told friends at his farm he was looking forward to becoming a voting resident of Pennsylvania.

The chief executive's legal residence now is New York City, where he lived while he was president of Columbia University.

On the 65-miles drive to Camp David yesterday, the President surprised two hitchhiking Marines by halting on the outskirts of Washington and arranging a lift for them in another car in his motorcade. The Marines — Pfc. William F. Weaver, 19, and Pfc. Harold D. Payne, 20 — rode about 40 miles in the presidential caravan. They got out at Frederick, Md. Both men are stationed at Camp Lejeune, N.C.

Weaver was en route to the home of his parents, Mr. and Mrs. Glen Weaver, in Dewitt, Mich. Payne was traveling to Akron, Ohio, to visit his wife and his parents, Mr. and Mrs. Frank R. Duve.

Chest Fund Now Stands At \$15,022

The Community Chest fund has passed the \$15,000 mark, it was announced today by Campaign Chairman John MacPhail. Since the last report a week ago a total of \$113 has been received and that sum includes \$88 from Letterkenny Ordnance depot and represents donations there by workers from this community.

The fund lacks \$1,977.89 of reaching its goal. Some divisions of the local fund campaign have not yet turned in final reports. The current total is \$15,022.11.

ATO DISPLAY IS AWARDED FIRST AMONG FRATS

A huge mechanized display depicting Santa's helpers making candy canes developed by the ATO won first place in the annual Christmas decorations contest held by the Gettysburg College fraternities. The judging took place Friday night as part of the Christmas parties weekend held by the organizations.

The display fills the entire front of the fraternity house with a big workshop shown in the area that would correspond to the second floor of the N. Washington St. Wheels move, belts travel back and forth and figures move about in the animated display. On what would be the first floor, a receiving department is shown on the one side and a store, selling the "candy canes" is depicted on the other side of the porch.

Lambda Chi on W. Broadway, one of the several fraternities to pick religious themes for its decorations, won second place with a representation of the interior of a cathedral, labeled "The True Spirit of Christmas." The decorations include a 15-foot altar.

Phi Gams, Phi Sigs Place

The Phi Gamma Delta and Phi Sigma Kappa houses tied for third place. At the Phi Gama house the decorations featured "Christmas with music," and showed a number of scenes including the interior of a cathedral with stained glass windows, gowned choir, and an organ. The Phi Sigs chose "Peace on Earth, Good Will Toward Men" as their theme, and included an animated Santa Claus and sleigh with reindeer.

Other displays included the Sigma Chi house, which had three different aspects of "Christmas USA." The first scene showed a youth sledding, the second showed a family giving Christmas presents and the third depicted a Church scene. The Phi Kappa Psi showed "Santa Comes to G-Burg," with a Santa's sleigh shown coming across the night sky to the sleeping community. A novel lighting arrangement causes the stars in the sky to blink.

Auto Door Strikes Car; \$65 Damage

Herb Smith, a 58 year-old Red Lion resident, told borough police Friday night that he was driving east on York St., at about 10:45 p.m., when the car in front of him drove toward the curb, and the driver opened the door. The door struck the right side of Smith's car, causing an estimated \$65 damage to his right side and right rear fender, police said.

The other car was reported to be owned by Thomas Lawler, and driven by James A. Valler, 19, of Newton, N. J. Both were reported to be living at the Tau Kappa Epsilon fraternity house. There were no injuries.

RESIDENCE ON MAY 15 WILL DECIDE TAXES

County school directors at Fairfield Friday afternoon took a step toward setting up a uniform practice throughout the county in collection of school taxes from persons who move from one borough or township to another.

The convention set May 15 as the date for determining where a county will pay school taxes.

Countians who move before May 15 will pay school tax in the district into which they move. Those who change residence after May 15 will have to pay their school tax in the district in which they resided before the May 15 date.

Tax Collectors Asked Decision

The matter was brought before the convention by President Luther M. Lacy, who said tax collectors have been asking instructions on the point. There was some discussion and the convention was brought back to the question by County Superintendent H. Edgar Riegler later. He said his office wants an answer to give the tax collectors.

The benefits of uniformity were pointed out and several dates were suggested, ranging from January 1 to late August but the May 15 suggestion was settled upon after some

DIRECTORS LAUD COMMISSIONERS FOR EFFORTS ON ASSESSMENTS

The Adams County School Directors' Association at its convention at Fairfield High School Friday afternoon gave the county commissioners a vote of appreciation for their effort toward tax equalization through setting up a uniform assessment system.

The resolution was added from the floor to a prepared list read by the chairman of the Resolution Committee, Ralph W. Tyson, Huntington Twp. The commendation was proposed by Director William M. Lott, also of Huntington Twp.

In another resolution, the directors urged boards to "be ever mindful that character building is an important educational objective along with mental training" and recommended that school administrators and teachers continue to use every opportunity and device to provide situations which will help to instill in the minds of the pupils the importance of the American way of life and the real worth of the principles of American democracy."

Commend County Board

The county board was commended for "keeping the public informed on the progress of our changing educational program" and had a word of praise for district school boards "for their willingness to see the problems and needs of pupils beyond the bounds of their own individual districts."

The convention recommended that state police continue strict enforcement of the school bus stop law and continue traffic instruction in the schools. One resolution commended administrators and teachers who with the backing of school boards have "with diligence and sincerity" enforced the compulsory attendance law.

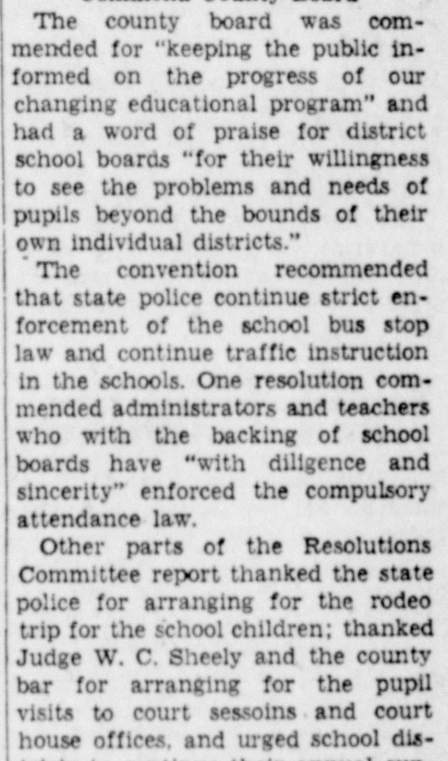

Other parts of the Resolutions Committee report thanked the state police for arranging for the rodeo trip for the school children; thanked Judge W. C. Sheely and the county bar for arranging for the pupil visits to court sessions and court house offices, and urged school districts to continue their annual support to the county library "which renders a valuable service to our public schools."

There were also the usual resolutions of appreciation to the host district and to all those who had a part in the convention arrangements. Directors were urged to enroll in their state association. Copies of the resolutions are to be sent to every school board secretary, school administrator in the county and every teacher.

The afternoon speaker was Harold Park, general manager of the Cumberland County Farm Bureau Cooperative Association, who spoke humorously and then told

NEED SPOTTER FORCE HERE OF MORE THAN 1600

The tremendous need for more volunteers for the four Adams County Group Observation Corps spotter stations was outlined Friday night at a meeting of the post supervisors with County GOC Chief W. H. "Dutch" Armor. The meeting was held at the Elks.

To man the station fully with each observer serving one shift a month will require more than 1,600 people. Each post needs 98 observers per week. In addition there should be a pool of persons to serve in the event of absence of regularly scheduled observers because of illness or business reasons, it was pointed out.

At present the posts of the county have less than half the required number of volunteers and only one station has ever had a 100 per cent attendance week.

Armor observed: "It is distressing but true if enemy planes appeared at the present time, the chances are that there would be no one at the spotter posts to observe them and give warning of their approach. The current list of volunteers do a good job, but there are far too many of them who find no one there to relieve when they appear for their tour of duty, and find no one coming to relieve them when their shift has ended. It is those blank spaces in the schedule that we hope can be filled from the people of the county willing to give just a few hours a month that our nation might survive a surprise attack. Or, on a peace time level—a pilot's life may be lost because there is no one at a spotter station. If all spotter posts are manned, then lost planes can be quickly located, and airplane accidents are not so infrequent that one need not keep that service to another human in mind."

U.N. Condemns

(Continued from Page 1)
skjold could use several avenues to seek release of the airmen:

1. Send a personal emissary to Peiping.
2. Work through some neutral country such as his native Sweden, Switzerland or India, which served as principal mediator in the Korean armistice negotiations.
3. Authorize the head of the U.N. office in Geneva, Switzerland, to make representations to the Red Chinese ambassador stationed there.
4. Try to persuade Russia to use her influence with Peiping to set aside the sentences levied against the airmen.

Better Soviet resistance to the resolution and repeated claims by Russia's Jacob Malik and his colleagues that the airmen were "spies" who got their just deserts gave scant hope of any help from the Kremlin. But Hammarskjold was seen conferring with Malik after the Assembly vote, arousing speculation that he might be sounding out the Russians on the case.

"THE BARREN TREES"

The barren trees depict to me . . . how humans waste away . . . for like the trees we start upon . . . life's journey strong and gay . . . we blossom forth as do the trees . . . with hope and faith to spare . . . proceeding on the road of life . . . content and free of care . . . we branch out many different ways . . . some crooked, others straight . . . and as we spread we grow to find . . . that time will never wait . . . then children come to live with us . . . and to us tightly cling . . . and we know it they are gone . . . like birds upon the wing . . . in autumn's biting frost we will . . . to rustle like the leaves . . . we wear a smile but in our hearts . . . the web of fear conceives . . . then winter, life is bare and cold . . . we feel its chilling breeze . . . but we will never bloom again . . . as will the barren trees.

PAY UNIFORM PRICE
NEW YORK (AP)—A uniform price of \$4.63 per hundredweight (46.5 quarts) will be paid dairy farmers who made deliveries to approved plants in the New York Milkshed in November, it was announced Thursday.

The price was \$4.47 in October of this year and \$4.91 in November, 1953.

C. J. Blanford, milk market administrator for the New York area, said the prices were announced five days early so handlers will be able to make payments before Christmas to the 50,273 dairy farmers who produced milk.

To Play Christmas Music In Cafeteria

Members of the Littlestown Junior-Senior High School Student Council announced Friday afternoon that recorded Christmas music will be played at lunch in the school cafeteria beginning Monday and extending until the Christmas vacation starts.

Fire drills were discussed and the council made arrangements to hold the drills in the near future.

It was also announced that the new locker rules have gone into effect and the results are "excellent." The council will also be responsible for the "lost and found" department of the school.

In brief balloting during the business meeting, L. W. Kleinfelter, Upper Adams Jointure, was elected as an association auditor and Joseph A. Stoner, Conewago Jointure, and Samuel E. Baker, Lower Adams Jointure, were elected delegates to the 1955 state school directors' convention. Fred Lewis, Arendtsville, was elected first alternate delegate, and George S. Worley, Littlestown Jointure, was named second alternate.

When reports of 1954 convention delegates were called for, it was discovered the association was not represented at the fall session. Russell Durbin rose to say the convention was over before he knew it was being held and added that he received no advance notice. County Superintendent H. Edgar Riegle said his office never received a notice of the convention.

Lloyd Crouse gave the treasurer's report with Luther M. Lady, president of the county board, presiding. Richard C. Lighter, county vocational education supervisor, introduced Mr. Park.

There were 137 at the turkey banquet served in the school cafeteria with Toastmaster Faber Wildasin of the county board in charge. There were introductions of guests including Judge and Mrs. W. C. Sheely, members of the board of commissioners and school officials.

At the conclusion of the session, there was an exchange of Christmas gifts among the board members present and refreshments in keeping with the holiday season were enjoyed.

Assuring the directors that the changes they bring in education will continue to be criticized from some quarters, he observed that time will tell what progress has been in the right direction and assured them that someone will get credit for the good work being done, although they may never be singled out individually for praise.

Send Bombers For Fete In Philippines

GUAM (AP)—The first flight of 10-engine B-36 intercontinental bombers from Guam to Manila will be sent to the Philippine capital to take part in opening day activities of the Philippines' Aviation Week Dec. 12, Brig. Gen. Joseph D. Caldera, 3rd Air Division commander, announced here Friday.

Caldera said three B36s will fly over Manila. Two others will land at Clark Field. The flight is one of a series of training missions to the Philippines.

length white gown fashioned with a strapless bodice ending in a scalloped peplum embroidered with rhinestones. Her full net skirt will be worn over a white taffeta underskirt and she will wear a matching long-sleeved jacket. Her fingertip length tulle veil will be attached to a nylon headpiece embroidered with rhinestones. She will carry a colonial bouquet of white carnations centered with white rosebuds.

Sister Is Attendant

Mrs. Joseph Jacoby, Hanover R. 4, sister of the bride, is the matron of honor. She will wear a yellow ballerina length gown fashioned with a lace bodice, a matching jacket and a full net skirt over taffeta. She will wear a headpiece in the same shade and carry a colonial bouquet of yellow and white carnations.

The bride attendants will be Miss Donna Hammers, E. Middle St., and Miss Shirley Snyder, W. High St. Miss Hammers will wear an aqua-colored gown designed with a lace strapless bodice and a full net skirt over taffeta. She will wear a stole about her shoulders and carry a colonial style bouquet of rose and white carnations. She will wear an aqua blue headpiece. Miss Snyder will wear a similar gown in a shrimp pink color. Her flowers will be rose and white carnations.

Will Hold Reception

Donald White, R. 3, brother of the groom, will serve as best man and the ushers will be: Earl White, Ottomanna R. 1, brother of the groom, and Joseph Jacoby, Hanover R. 4, brother-in-law of the bride.

The bride's mother will wear an aqua-faille coat dress with a pink and white carnation corsage. Her accessories are black. The mother of the groom will be dressed in navy blue with black accessories and she will wear a similar corsage.

James A. Nett Jr., E. Middle St., brother of the bride, will serve as ring-bearer, and Miss Sharon Lee Nett, R. 1, cousin of the bride, will be the flower girl. She will wear a dusty grey nylon gown over white with a matching headpiece. Her flowers will be colonial arrangement of yellow and white carnations.

A reception will be held at the home of the bride immediately after the wedding. Later the couple will leave on a honeymoon of unannounced destination. As a going-away ensemble the bride will wear an aqua coat-suit with navy accessories and a corsage of white rosebuds. Upon their return the couple will live at 32 Baltimore St.

The bride, who was graduated from the Gettysburg High School in 1949, is employed by the United Telephone Company here. Mr. White, who attended the local high school is employed as a carpenter by John Jacobs of York Springs R. D.

trimmed with seed pearls, and sequins and long pointed sleeves. The full skirt ended in a chapel length train. Her veil was of French illusion net and fell from a small half-bonnet of Chantilly lace edged with seed pearls. Her only jewelry was a strand of pearls, a gift of the groom. She carried a single white orchid surrounded with white tea roses and ivy.

Four Bridesmaids

Miss Coletta Collins, Hanover, sister of the groom, was the maid of honor. She wore a ballerina length gown of dark green net over iridescent taffeta, a matching cocktail veil, green gauntlets and matching slippers. She carried a bouquet of white chrysanthemums interspersed with red holly berries and green ivy.

Miss Margaret Kane, Fairfield; Miss Nancy Wachter, Emmitsburg; Mrs. William Coffman, Blue Ridge Summit, and Mrs. Donald Banks, Chambersburg, served as bridesmaids. Their ballerina-length dresses were of light green net over iridescent taffeta. They wore matching cocktail veils, green gauntlets and matching slippers and carried bouquets of white mums, holly berries and ivy.

George Thomas Steinberger, Fairfield, brother of the bride, was the best man. The ushers were John Wachter, Emmitsburg; Douglas Johnson, Fairfield; Jack Anderson, East Berlin, and David Clingan, Westminster.

The flower girls were the Misses Mary Victoria and Mary Sharon Stem, of Baltimore, cousins of the groom. They wore white floor length dresses, head bands of white mums and carried baskets of white mums, holly and ivy. The ring-bearer was Charles Steinberger, Mt. Holly Springs, a cousin of the bride. Mrs. Edward Collins Sr., mother of the groom, wore a brown dress with matching accessories and a corsage of baby orchids. Mrs. John A. Cori, an aunt of the bride, wore a blue dress with navy accessories and an orchid corsage.

Reception Is Held

Following the ceremony a reception was held at the Fairfield Community Hall. For their wedding trip the couple toured the southern states. As a going-away costume the bride wore a forest green dress with black accessories and a white orchid corsage. Upon their return the couple will reside at Camp Lejeune, N. C.

The bride graduated from St. Joseph's High School, Emmitsburg, and from the American School of Beauty Culture, York. She has been employed by the United Telephone Company at Fairfield.

The bridegroom was graduated from St. Joseph's High School, Emmitsburg, and the Eckels School of Mortuary Science, Philadelphia. At present he is serving with the United States Marine Corps and is stationed at Camp Lejeune, N. C.

Guests were present from Washington, Baltimore, Carlisle, Harrisburg, York, Philadelphia, West Point, Trenton, Gettysburg, and Emmitsburg.

second time.

Charles Black New President of
School Board: Charles S. Black,
202 E. Middle St., was elected
president of the Gettysburg school
board at the annual reorganization
meeting Monday evening in the
office of the superintendent of
schools at the high school. He
replaced Ralph Z. Oyer, W. Broadway,
president of the board for the
last year.

Charles M. Sheely, 144 Springs
Ave. was elected vice president.
Mahlon P. Hartzell was re-elected
as president of the board.

Adams County Over The Top In
Bond Drive: Adams County is "un-
officially" over the top in the Sixth
War bond drive. It has exceeded
its quota of \$2,290,000 although it
has not been officially confirmed
by state headquarters.

Henry W. Garvin New Chamber
Of Commerce Head: Henry W. Garvin,
Reading Railroad agent in Gettysburg,
was named as the new president of the
Chamber of Commerce at the annual
organization meeting of the board
of directors held Tuesday evening
in the Chamber offices in the Kadel
building.

Mr. Garvin will succeed Mares,
Sherman, York St. merchant, who
declined a fourth term after serving
as president of the Chamber for
the last three years.

George M. Zerling was elected
vice president for the coming year
and Ralph Z. Oyer was selected
as treasurer for another term.
Mrs. Robert P. Snyder was re-
elected secretary.

Today's Talk

I WANT

I want a poet's heart that can
see God in a raindrop and a snow-
flake. I want a farmer's faith that
has enabled him to till his
soil, plant his seeds, and have as-
surance as he looks into the sky
and prays that rain may come to
reward his labor with abundance
when harvest time comes.

I want the kind of courage that
keeps people unafraid, yet patient
and humble, ever more trustful of
a Higher Power than any ever
demonstrated by mortal man. I
want to demonstrate in my own
life a simplicity and directness of
purpose. I want to keep learning
new things that will keep my mind
stirred and alert.

I want the wealth of a child's
mind and its free expression. I
want its faith and its absence of
all doubts. I want its curiosity and
joy in play. I want its peace of
mind and its undisturbed sleep. I
want to experience its constantly
growing list of revelations. I
want to know about its earliest
dawn of hope!

I want to be useful and influen-
tial rather than famous or wealthy.
I want to help people appreciate
many of the things that have
brought joy and happiness to me,
such as a love of books, art, and
nature. These are things that keep
enlarging life, touching it up with
thrills and unexpected surprises.
One's treasures mean so little if
they are not shared with others.

I want to keep adding to my in-
terests for each one helps to keep
my mind young and my body in
a state of health. I want to live
long enough to see all war abo-
lished from the earth forever.
(I'm afraid I will have to live to
an extremely old age for that.)
There may be happier days ahead,
however, than any of us now
knows. More war anywhere, is un-
thinkable for intelligent human
beings.

REASON FOR CHRISTMAS
Savior of mankind was He.
Tree and windows gayly trim.
Since it will His birthday be,
Let us all remember Him.

Myrrh and frankincense and gold
Wise men took to Bethlehem.
Mary, Joseph, stable cold,
Let us all remember them.

On the Christmas we await,
Bow the head and bend the knee.
His the birth we celebrate.
Let Him not forgotten be.

Join the children at their play.
Fill the glasses to the brim.
But throughout the Christmas Day
Let us all remember Him.

Remington Letters Will Be Studied

WASHINGTON (AP)—The federal
prison bureau says it is investigat-
ing a series of letters critical of
conditions in the Lewisburg, Pa.,
federal penitentiary allegedly writ-
ten by William W. Remington prior
to his slaying at the institution
last month.

The bureau said Thursday it is
investigating letters to Remington's
wife which alleged that "gangs"
operated in the prison and authori-
ties had done nothing about them.
Excerpts from the letters were
published Wednesday in the
New York Post.

Three of Remington's fellow pris-
oners have been indicted for mur-
der in the case. The former gov-
ernment economist, serving time
on a perjury conviction, died after
he was beaten on the head with a
half-brick enclosed in a sock.

SANTA AND THE MARS KING

By Lucrece Hudgins Beale

SYNOPSIS: Santa Claus explains
to Tom that his reindeer refuse to
fly because of the flying saucers.
"Unless we can get rid of the saucers
I'm afraid there will be no
Christmas this year," says Santa.
Tom offers to help catch one.

CHAPTER EIGHT TOM GOES AWAY

Tom and Santa worked through
the day and through the night on
their net.

Now it was almost done. Tom
looked at it admiringly. Suddenly
he had an awful thought.

"Suppose we do catch a flying
saucer. What will we do with it?"
Santa shook his head. "I don't
know. It may be a wild thing that
will destroy us all. Or it may be
nothing but a mist that we cannot
hold. Whatever it is we have to
find out."

Santa sounded tired and sad.
Tom knew he was thinking of all
the children in the world who
would have no Christmas toys if
Santa's reindeer did not fly again.

At last the net was done. They
rolled it into a giant ball and car-
ried it to the shop where the elves
and fairies were at work. The
shop was filled to the ceiling with
fat balloons—silver ones and blue
and red and gold.

"Do we have enough?" asked the
workers. Their words came out in
funny little puffs and huffs. They
had been blowing so long on the
balloons that now they blew when
they talked!

Santa said they had done a good
job. Then they all set about tying
the balloons to the giant fish net.
They carried the net to a nearby
field and released the balloons. Up,
up into the sky floated the thou-
sands of balloons carrying the net
between them.

Two long ropes on each end of
the net were tied to the ground
and kept the net from flying com-
pletely out of sight.

"Oh, this will surely catch us a
saucer!" cried the workers with
delight.

They were so happy they picked
up Tom and carried him around on
their shoulders. They sang a song
about what a smart boy he was.
Tom could not hide his pleasure.
He had left home merely to see a
flying saucer and here he was
catching one and saving Christmas
for all the world.

But, alas, catching a saucer was
not that easy.

For 10 days and 10 nights the
net floated in the sky. Time af-
ter time the Santa folk saw mys-
terious lights flashing through the
sky but Tom's trap never caught
anything at all.

Christmas grew closer and still
the reindeer would not fly.
Poor Tom! He was filled with
shame at his failure. Santa told
him it did not matter, that he had
done his best. But Tom ached to
see the disappointment in Santa's
eyes.

At last he got another idea. "Per-
haps the balloons are too soft. They
can be pushed out of the way. If
we set a trap of kites with pins in
them the pins will stick holes in
the saucers and cause them to fall!"

The workers were willing to try
again. They got together all the
kites they had been building
through the year. They put pins
and nails in the ends of each stick
and then set the kites to flying
around all of Santa Land.

For 10 days and 10 nights they
took turns flying the kites. Seven
times they saw a saucer. But not
once did they catch one.

Now Tom was truly ashamed. "I

FATALITIES ON TURNPIKE ARE OFF 50 PER CENT

HARRISBURG (AP)—The number
of fatalities on the Pennsylvania
Turnpike has dropped off so sharply
this year that officials are hoping
for one of their best records ever.

A commission turnpike safety of-
ficial said today 47 persons have
been killed on the toll road to date
compared with 87 at the same time
last year.

He said that unless a sharp rise
occurs in the number of fatalities
during the remainder of the month
the total for the year will be the
lowest since 1949 when 39 met
death on the toll road.

Just as gratifying to the com-
mission is the fact that the acci-
dent rate—the number of fatalities
per 100 million vehicle miles trav-
elled—is the lowest ever.

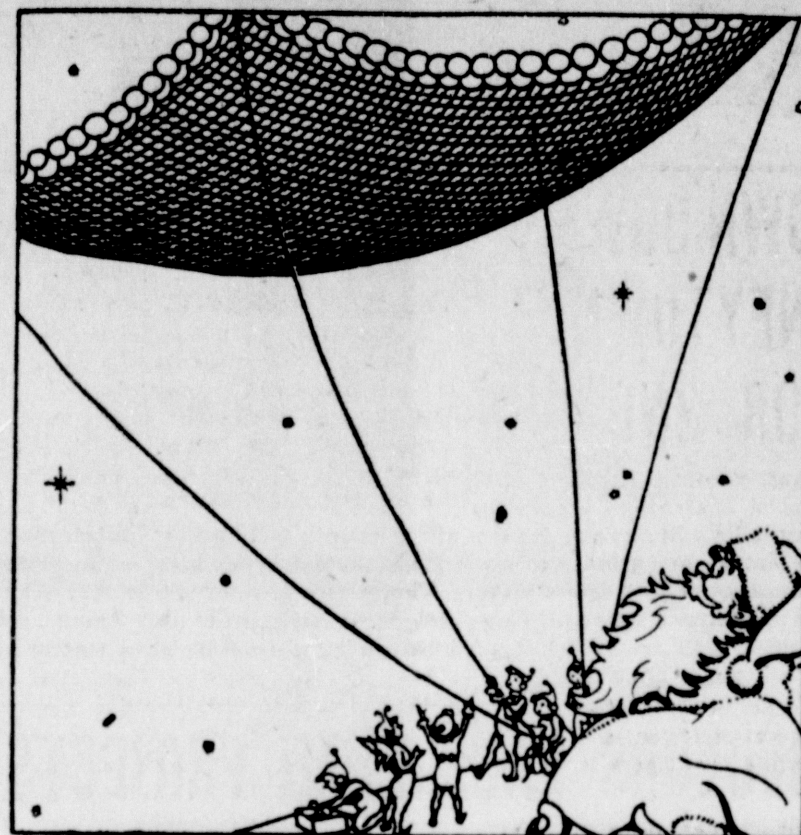

1947 Set Record

The record low in this category
was 1947 when there were 5.8
deaths per 100 million vehicle
miles travelled. That year there
were 17 fatalities.

As of Oct. 31 this year the acci-
dent rate was only 4.4 fatalities per
100 million vehicle miles travelled,
for the lowest rate since the first
160 miles of the superhighway was
opened back in 1940.

The commission is quick to point
out that since that time the mile-
age of the road has been increased
to 360 and traffic has grown
greatly.

Officials are keeping their fin-
gers crossed but are hoping to fin-
ish 1954 in the grand manner. Not
one fatality has been recorded so
far this month, compared to eight
registered during December, 1953.

Coloring suggestion: Sky, grey; red and green balloons along edge of
net; Santa's suit, red; elves and fairies, brown and red.

RED CHINA'S YANK JAILING SHOOK MOSCOW

By JAMES D. WHITE
AP Staff Writer

It took the Soviet press 12 days
to endorse Red China's sentencing
of 13 Americans on spy charges.
Seldom has Moscow waited so
long to back up an action by its
Asian partner.

Moscow could scarcely have
done less without appearing to dis-
approve, thus shaking the concept
of Communist unity around the
world. But there is no assurance it
hasn't been badly shaken, in view
of Russia's theme of promoting
"peaceful coexistence" with the
non-Communist world. The Chinese
action could not have been much
better designed to make Ameri-
cans shy away from the whole
idea.

Why should Peiping, after too-
ting the coexistence horn at Mos-
cow's elbow, commit an act mak-
ing coexistence less likely?
There are probably several an-
swers, but an important one lies in
the Chinese political character and
habit of thought.
"Barbarians Vs. Barbarians"
China's most persistent political
concept is summed up in "Yung
yang ta yang," which translates
roughly:
"Use barbarians to smite bar-
barians."

It dates from ancient times when
all non-Chinese were barbarians.
The cultured rulers of China quick-
ly learned these barbarians could
be used to fight China's battles for
her, against one another. The idea
is found in countless Chinese nov-
els, dramas, operas and folktales,
the kind Red China's boss Mao
Tse-tung was brought up on.

It underlies the Chinese attitude
toward all foreign affairs—to let
others do the fighting or quarrelling
while you sit back and wait for
them to weaken each other. After
that you step in and run things.
The idea naturally involves more
than exploiting antagonisms. It
means keeping antagonisms going
so they can be exploited—the old
trick of divide and rule.

Red China now has revealed an
apparent policy split with Moscow.
It may not be the first, nor the
last. The Chinese Communists no
longer are acting just like Com-
munists. They are beginning to act,
openly, like Chinese Communists,
lending to communism the subtle
techniques of the world's most an-
cient imperialism.

UNION TO PUSH DISCHARGE OF I-R EMPLOYE

PHILIPSBURG, N.J. (AP)—The
firing of an Ingersoll-Rand em-
ployee for refusing to answer ques-
tions before the McCarthy Senate
subcommittee will be "processed
to the limit" by the United Elec-
trical Workers Union (Ind).

The policy committee of the
union said Thursday it will file
a grievance against the firing of
Maurice K. Slater, a former busi-
ness manager of UE who repre-
sents employees at the Ingersoll-
Rand plant.

Slater claimed fifth amendment
protection against possible self-
incrimination before the subcom-
mittee Wednesday. The group has
been investigating Communist ac-
tivity in defense plants in Eastern
Pennsylvania and New Jersey.

The firm said Slater was fired
yesterday because "we believe his
conduct has been harmful to the
business interests of the company
and its employees."

The union policy committee said
the UE is "unilaterally opposed
to such union-busting methods"
and would demand the reinstatement
of Slater "with all his rights."

Easton Man Fired

Meanwhile, in Easton, Pa., Har-
old Allen, who also invoked the
fifth amendment before the same
subcommittee, was suspended by
the Lehigh Foundries, Inc., "pend-
ing a full investigation of the sit-
uation."

Allen is a member of the United
Steelworkers Union (CIO).

Three other witnesses who in-
voked the fifth amendment before
the subcommittee were suspended
from their jobs yesterday.

John Babirak and Paul Ault, 43,
were suspended by the Bethlehem
Steel Co. with a "notice of inten-
tion to discharge." Babirak is em-
ployed in Bethlehem, Pa., and
Ault in the firm's Williamsport,
Pa., plant.

Alvin J. Heller, 27, was suspend-
ed by the Luria Engineering Co.
of Bethlehem, effective immedi-
ately, "pending investigation."

Two other Bethlehem Steel em-
ployees who invoked the fifth
amendment before the subcom-
mittee were suspended earlier this
week. They are Joseph Picucci and
John Szabo, both of Bethlehem.

Ice Follies Star Breaks Her Ankle

HARRISBURG (AP)—Betty
Schalow, featured performer in the
Ice Follies now appearing at near-
by Hershey, is in a Harrisburg
hospital with a fractured right
ankle.

Kenneth Von Egidy, executive
director of the follies, said the
veteran of 11 seasons with the
show broke her ankle Tuesday
when she fell while practicing at
the Hershey Arena.

The skating star will be replaced
in the show by Frances Dorsey,
former Olympic Team member
turned professional this year.
Miss Schalow is a native of St.

Dhebar To Succeed Nehru In India

NEW DELHI, India (AP)—Prime
Minister Nehru's successor as pres-
ident of the Indian Congress party
was named Friday. M. P. Bhargava,
permanent secretary to the party's
executive committee, announced
the formal election of Uchharan-
grai N. Dhebar.

Nehru's request to be allowed to
relinquish the post was accepted
by the party executive a month
ago.

The choice of Dhebar as Nehru's
successor is final and not subject
to Congress approval, Bhargava
said. Dhebar will take over at the
party's national convention in mid-
January.

INDICT THREE FOR MURDER OF VICE CRUSADER

PHENIX CITY, Ala. (AP)—A pro-
secuting attorney and a former
sheriff's deputy who rose to pow-
er during the racketeering heyday
in Phenix City have been indicted
as the killers of the man whose
crusade against vice had won the
approval of Alabama voters.

Circuit Solicitor Arch Ferrell
and former Chief Deputy Sheriff
Albert Fuller were held without
bond on first-degree murder
charges for the slaying June 18 of
Atty. Gen.-nominee A. L. Patter-
son.

Neither indictment said which of
the two men the state contends
fired three .38-caliber shots into
Patterson's body. Under Alabama
law a murderer and an accomplice
are equally guilty and can be put
to death in the electric chair.

Third Identified

A third unidentified defendant
was indicted with Ferrell and Ful-
ler Thursday by the same grand
jury which had smashed the vice
empire that reigned here for many
years.

Ferrell, 37, was described by
Patterson and his associates as the
"brains" of the Phenix City
political organization, and Fuller,
35, was denounced by vice pro-
secutors as the "master." Acting
Atty. Gen. Bernard Sykes said he
hopes to start the trials early in
January.

WILL ARRAIGN THREE CONS FOR PRISON MURDER

SCRANTON, Pa. (AP)—Three con-
victs in the northeastern peniten-
tiary at Lewisburg will be ar-
raigned Monday at 11 a.m. before
U.S. District Judge Frederick V.
Follmer at Lewisburg to plead
guilty or innocent to the murder of
William W. Remington.

Remington, one-time government
economist, was found fatally beat-
en at the penitentiary on Nov. 22
and died in the prison hospital two
days later.

Indicted to a charge of "murder
generally" are George Junior Mc-
Coy, 34, of Grundy, Va.; Robert
Carl Parker, 21, of Washington,
D.C., and Lewis Cagle Jr., 17, of
Chattanooga, Tenn.

U.S. Atty. J. Julius Levy previ-
ously stated the trio, if they enter
pleas of innocent, probably will be
called for trial next month.

Friday it was learned that the
trial will be held at Lewisburg and
that Judge Follmer will preside.
The January term of court opens
in Lewisburg Jan. 18. However, no
definite date has been fixed.

Chief Judge Albert L. Watson of
the U.S. District Court for the Mid-
dle District of Pennsylvania, has
appointed counsel for the three de-
fendants.

Struck With Back
Atty. David Conroy and William
Garvey of Scranton will represent
Cagle; Atty. Morey Myers, also of
Scranton, has been named for
Parker, and Atty. Charles R. Bi-
delspacher Jr., Williamsport, will
defend McCoy.

Should the defendants elect to
plead innocent, veteran court at-
taches said that in all probability
the defense lawyers will move for
a continuance to permit more time
to prepare their defense.

After Remington's death, the
FBI announced that the victim was
struck over the head with a brick
encased in a sock.

Remington was found in a dazed
condition, blood pouring from
wounds on the head and face on a
second floor stairway below his
cell. Despite an emergency opera-
tion he succumbed from the beat-
ing.

In the Solomon Islands, the sup-
pression of head hunting by Brit-

Warriors Lose First Cage Game At York 83-43; Meet Delone Here Next Tuesday

Gettysburg High School's basketball team was handed an 83-43 drubbing at the hands of the powerful York High quintet Friday evening at York, the Bearcats spurring late in the first period to hold a commanding lead for the remainder of the game.

Coach George Forney's outfit held its own for the first 4:30 minutes of play when they trailed by only a 12-10 margin but in the remaining 3:30 minutes the York attack ran wild to outscore the locals 11-1 and at the end of the period York led 23-11.

York reserves began to make their appearance early in the second period but the Bearcats continued to roll. After taking a 38-15 lead, the York varsity was completely removed from the contest and stayed on the bench the remainder of the evening.

The Warriors were limited to nine goals by the Central Penn League defending champs. In the first period D. Hise, Ronnie Williams and Merle Gorham connected from the floor.

Gettysburg's only scoring in the second quarter came from the foul line where seven conversions were made in 13 tries, Dick Pennington leading four.

At half time York was out in front 41-18.

Pennington's goal after 1:16 minutes of the third quarter broke a goal drought of 12:46 minutes in which the Warriors had failed to connect from the field.

The Bearcats with six lettermen, gave every indication they will again be a contender for the Central Penn title. They showed plenty of speed and knowhow which should pay dividends in coming games. John Warner and Jimmy Breyer led the victors with 16 and 14 points, respectively.

Williams and Pennington led Gettysburg's scoring with 10 and eight points.

Jayvees Defeated

The Warrior reserves also were handed a drubbing in the preliminary game by a 56-27 score. The local scrubs held York to a 9-7 edge in the first period but then collapsed and trailed 33-13 at half time. Little and Fridinger each tabbed a dozen points for Gettysburg.

Next Tuesday Gettysburg will be on its home court for the first time this season when it will be host to Delone Catholic.

'GAME OF WEEK' PLAN PERILED

DETROIT (AP)—The powerful Big Ten Conference has joined the Pacific Coast Conference to form a strong one-two bloc in favor of regional football television.

This could be a threat to the NCAA's "Game of the week" program which has prevailed the last four seasons.

Taking its firmest stand to date, the Big Ten yesterday strengthened its demand for regional TV and added that it was prepared to follow through independently on the growing issue.

The official statement of the Big Ten athletic directors and faculty representatives said:

"The joint group declares that an NCAA television program of the character in operation this season is entirely unacceptable to the Big Ten."

East Berlin High won its third basketball game in four outings as they whipped Northern Jt., 56-39, Friday night at Dillsburg. It was the seventh loss of the season for the York Countians.

Nelson Groupe, a 57" junior swished a total of 26 points through the nets, including several long sets, for East Berlin, and Lanny Oberlander hit for 10. George Huffman led the losers with 16. The game was fairly close until the fourth quarter, when the Berliners got hot and pulled away.

The East Berlin Jayvees defeated Northern Jt. also, by a 37-27 score, to even their season record at 2-2. East Berlin next entertains Quincy Orphanage, Tuesday evening at home.

Battered Saddler Wins By Decision

SPOKANE, Wash. (AP)—Sandy Saddler flew back to New York today with a puffed lip, a bloody nose and \$6,000 after taking a unanimous 10-round decision from Bobby Woods in a nontitle match.

Saddler came on in the late going last night against young Woods, a local lightweight, who staggered him in the first round and again in the sixth before fading out.

"He was a tougher boy than I thought," said Saddler, who took the ring microphone after the decision was announced.

There was no doubt about the decision. Woods wound up with a two-inch cut under the left eye and was rocky at the final bell.

BIGLERVILLE FIVE TRIUMPHS

Biglerville High won its first home basketball game, after losing two on foreign courts Friday evening when it whipped St. Thomas handsily by a 48-26 score. The Canners took a first-quarter lead at 8-2 and were never headed. It was the season opener for the losers.

Nevin Frantz led the winning attack by tallying nine points. Ron Group hit for eight, and seven other Canners took part in the scoring. Harrison, of St. Thomas, was high man for the evening with 13.

The Biglerville Jayvees also won their first game of the season, trouncing St. Thomas by an impressive 61-11 score.

Biglerville next plays at home Tuesday evening, entertaining Shippenburg.

L-TOWN DOWNS TANEYTOWN 5 FOR 2ND WIN

The Littlestown High School Thunderbolts chalked up their second basketball victory of the season Friday evening by defeating the Taneytown High School Tigers 56-46 in a non-conference game on the 'Bolts' court.

Although both teams scored 20 field goals each, the Littlestown lads netted a total of 16 foul shots out of 21 tries while the Tigers landed six out of 18.

Dean Selby, Jay Showvaker and "Sim" Warner were high scorers for the home team with 14 points each. Robert Fuss, left-handed "crack" shot, scored 17 points for the losers.

Ken Frook, Taneytown, scored the first goal of the game but Jay Showvaker, Littlestown, connected with three field goals in the early minutes of the game. The Thunderbolts led from that time to the finish and there was never any question as to the ultimate outcome.

At the end of the first period, Littlestown was out in front 12-6 on the three field goals by Showvaker and two foul shots apiece by Dean Selby, Fred Bushey and Stan Mummert.

Many Motorists Unaware Of Unsung Features Built Into Cars; Check Before Change

By FREDERICK C. RUSSELL

The trouble with some one-arm drivers is that they are operating a car under the influence of perfume.

Strangers To The Car

While it is a sign of progressiveness to want to consider altering the car to give it improved performance and economy it might be well for many who are smitten with the mad desire for improvement to spend a day or two making closer friends with some of the unsung features already incorporated in their cars. A trip from bumper to bumper with the aid of a factory service manual would produce some genuine surprises.

Right now thousands of motorists with automatic drives are now getting full benefit from this equipment.

THE BEST IS ALWAYS CHEAPEST!

In the servicing of your motor car, you'll come to realize that it's cheaper in the long run to give your car the best attention and care you can find for it. That's why you'll do better to have your car serviced regularly at Adams County's garages and service stations where skilled mechanics use modern tools and equipment to give you reasonably priced service that will make your car last longer.

"We are in that season of year when lowered gas mileage is due not merely to excessive use of the choke in getting a cold engine under way, but because the engine is likely to be running inefficiently cool all the time. That is why we install higher degree motor thermostats and, if necessary, place cardboard between the grille and the radiator core so as to cover the lower portion of the latter.

"Modern engines are so low and unprotected there isn't any advantage in covering the front with a robe, but I find it a smart idea to switch off the engine as the last item when parking the car, closing car windows and switching off lights first. Also when about to use the car again I always start the motor before unlocking the rest of the doors and adjusting the windows."

Meeting An Emergency

What would you do if the accelerator pedal linkage or carburetor throttle jammed? Or if the throttle return spring should break and the engine start racing?

This was brought to mind by a report that a recent fatality was due to the accelerator jamming. The inference was that the engine then immediately started moving the car to higher speeds, doubtless at a time when the driver wanted to slow down.

In a situation like this, with an automatic drive, the first step is to move the selector lever to neutral so that the car's brakes can be effective. Then switch off the motor. Just because there is no clutch to press to release the engine doesn't mean that the engine's misbehavior has to pull the car into trouble.

Routine For Safety

High school students who receive instruction in the operation of cars are taught to go through a regular routine when taking the wheel and starting off. They are trained to make this almost instinctively. If you don't already know it the first step is to look into the rear view mirror. This is not merely to get a view of the situation behind but also to make sure that the mirror is in proper focus for seeing the rear picture. Often a previous operator of the car has changed the mirror's position or has accidentally moved it.

That hissing noise you may hear when the front wheels are cut for their extreme positions on a car with power steering is merely vibration of the relief valve. Pressure may build up to as much as 1500 pounds in these pumps.

You will notice it most when

maneuvering a car on a hill or a hill or a sloping driveway. The other evening I was turning a friend's car when the noise really gave me a jolt, sounding very much like an old fashioned slipping clutch. I had turned the front wheels way to the left and since I was backing up a grade had to accelerate the motor. In this situation the steering system needed no power assist since the front wheels were already over as far as they could be cut, yet the engine was revving up the hydraulic pump for the power system. There had to be relief of the pressure.

Simplicity A Mirage

If parking were abolished generally, and it were illegal to back up a car, and no roads had more than a moderate grade, it would be possible to rip off the greater part of the modern automatic transmission and merely use the torque converter portion. It is unfortunate that we need these additional provisions in the transmission of engine power because it loads us down with expense and complication. Trace the power flow through the automatic drive on your car and you'll note that everything is simplicity itself until you start to get into those features of the set-up which permits you to reverse or go into lower gears for special purposes.

Actually, it is much the same with many other units of the car, particularly the carburetor which is loaded with provisions to take care of special requirements.

I've said it before and I think it bears repeating that one of the dangerous practices on the road is to overtake a fast car without sounding your horn. At speed the other fellow's engine may be so noisy he cannot hear you in process of passing.

Q. Since having a valve job done on the engine there has been a sound like a loose tappet, but this motor is equipped with hydraulic valve lifters. The oil is high degergency type. The lifters were found to be clean and not worn.

H. H. N.

A. Try this for awhile longer before re-checking, but if the noise continues you may possibly find that one of the valve springs has been installed upside down.

Q. I have bn told that a nw car with an automatic drive should not be towed if disabled, unless the propeller shaft is disconnected or the car is towed backwards with the rear end lifted up. Is this true? L. K. M.

A. That is true of one type of automatic drive, up to the first 1000 miles of running, and on most of the automatics if there is anything wrong with the transmission itself. For towing any distance most recommend raising rear wheels or disconnecting drive shaft, but better get the specific factory directions for your particular car.

Q. The engine of my car bucks badly when I am climbing long steep hills. No trouble at all on short hills. Wm. K.

A. This indicates that there isn't sufficient valve clearance. On long hills the engine heats, causing expansion of valve stems. Check also for possibility of mild vapor lock.

Q. Should the cooling system be drained off if a car is to be stored for the winter season? N. B.

Restrict Kinds Of Snowball Targets

GRAND RAPIDS, Mich. (P)—The Grand Rapids Board of Education yesterday urged school principals to launch a program of organized snowball tossing — at targets and strictly on school grounds.

A bulletin issued by the board's office of physical education warned however, against making targets to represent teachers, policemen, autos, dogs or cats. It suggests a standard bulls-eye target of suitable size.

By this means the board hopes to release from danger such popular objectives as teachers, policemen, autos, dogs and cats.

Wisconsin GOP Backs Ike And Joe

MADISON, Wis. (P)—Commendation of President Eisenhower and Sen. McCarthy (R-Wis) was voted yesterday by the Executive Committee of the Republican party of Wisconsin.

The group called for party unity and voiced regret for "the conflicts of personalities which have tended at times to divide and confuse some members of our party organization, just as similar conflicts have, historically, divided the party of opposition."

Robert M. Pierce, party chairman, said the resolution was adopted after very little debate on the controversy that came after McCarthy attacked President Eisenhower earlier this week on the issue of communism.

A. It is better to install anti-freeze. A drained system is likely to collect a lot of rust.

Q. There is a heavy knock in my car whenever I am running over a rough road. Nothing so far has been found to be loose, in spite of several careful checkings. H. G. D.

A. In cases like this always look for a stone which may have been tossed up from the road to locate somewhere in the chassis.

Q. When trying to kick down on the accelerator pedal to force the transmission to shift into a lower gear for passing the engine sometimes cuts out and doesn't power the car again until speed is reduced. I am told that it is normal for the engine to be cut out for an instant so that the transmission can make the shift and that the trouble probably is electrical. N. K.

A. The automatic transmission on your car does not have this electrical control. Failure of the engine during the shifting is due to trouble with the motor itself.

Q. I tried starting the motor of my car by being pushed to 20 miles per hour when the battery failed recently but couldn't get action. What happened? Wm. P.

A. You didn't push fast enough. The new transmission on this car requires a cranking speed of 22 to 25 miles per hour.

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

the local Firestone store will be conducted each evening of the week preceding Christmas with the exception of Christmas Eve, with a Santa present to give the visiting children a treat of free oranges. The manager, William H. Lerew, is making arrangements for the event.

Beginning with the first Sunday of January, the Catholic Youth group of Paradise parish, covering all teen-agers and young adults under 30, together with all children of the parish, will occupy pews together at the masses on the first Sunday of each month and receive Holy Communion in a body. The second Sunday of each month there will be a similar observance for parish men and the third Sunday for elder women.

Harvey Myers, north of town, has as new tenants on his farm the W. H. Jones family, formerly of York.

The Rev. Louis S. Dougherty, pastor of Paradise Catholic parish, reports having received gifts during the past week for the church repair fund from Shelby, Mont., and Hales Corners, Wis. Both came from priests who had learned of the expenses caused by damage to the Paradise Church roof during the autumn.

The Ladies' Auxiliary of the local fire company has suspended bi-monthly Saturday evening public card parties until January 15.

Roy Ellsworth, 19, son of S. L. Ellsworth, near Abbottstown, and a former student at the local high school, is able to be about in a wheelchair and shows remarkable improvement although still unable to walk because of a severe spinal injury sustained in a swim diving accident in Baltimore which hospitalized him for a year. He now has the use of his hands sufficient for him to enjoy certain pastimes.

16 NAMED TO JAP CABINET

TOKYO (P)—Japan's new Prime Minister has named 16 conservatives to his caretaker Cabinet, which will rule until general elections in March decide which way Japan will go.

Nine of the 16, as well as Prime Minister Ichiro Hatoyama himself, were once purged from political life by the U.S. occupation. Despite that the Cabinet is considered pro-American.

As expected, Hatoyama named no Socialists.

Aided By Socialists

The Socialists threw their votes to him yesterday and assured his election. The price they asked—new elections in March—might be a steep one for the conservatives.

The Socialists, who oppose American bases in Japan and rearmament, think they will make serious inroads in conservative strength in elections. If they do, Hatoyama's I.O.U. may prove to have been all they needed to take over the reins in Japan and set that country off on a new course.

LARGE FARM STORAGE

WASHINGTON (P)—Farm goods stored under the price support program now total nearly seven billion dollars, a record high.

Reporting this Thursday, the Agriculture Department said federal investment in the surpluses as of Oct. 31 was \$6,634,107,000 and more commitments since then have pushed the figure close to the seven-billion mark. The amount was \$4,544,897,000 a year ago.

ASK PROBE OF IMPORTATION OF RESIDUAL OIL

PITTSBURGH (AP)—The president of the Southern Coal Producers' Assn. has called for congressional investigations of the importation of residual fuel oil and the purchasing policies of the Tennessee Valley Authority.

Joseph E. Moody said Thursday the importation of residual fuel oil is part of a "scheme by a petroleum cartel" for division of the world oil market.

He also said the TVA's engaged in "union breaking operations" and is disrupting the utility market for coal. He asserted coal buying policies of the TVA exclude purchases from coal operators who pay the union wage scale.

Moody spoke before the 88th annual meeting of the Coal Mining Institute of America. He said residual oil, which comes mostly from Venezuela, amounts annually to the equivalent of 50 million tons of coal. It is a major factor in the "existing depression" in the coal industry, he added.

Accuse Five Firms

Moody said the Department of Justice in a civil suit accused five big oil companies in 1953 of maintaining a world of petroleum cartel.

He said the firms are Standard Oil Co. of New Jersey, Sococo Vacuum Oil Co., Inc., the Texas Co., Standard Oil Co. of California and Gulf Oil Corp.

Moody declared three companies dominate production in Venezuela. He identified them as Standard Oil of N. J. and Gulf, named in the suit, and Shell Oil Corp. Moody added:

"The oil companies which control Venezuelan production could produce more gasoline and other petroleum products, which would sell for higher prices in the world market than residual. Why is this not done?"

"Apparently the market is divided up to exclude additional gasoline and lighter products produced from Venezuelan oil. Any substantial change in the distribution pattern might upset a profitable applicant."

"Consequently, we have a heavy production of residual. This must be sold and it is dumped upon the American East Coast."

Charges Attack On Veterans' Benefits

BALTIMORE (AP)—Nicholas Lynch Jr., American Legion national field service director, charged here Thursday that a "subtle flank attack" is being made on the "entire structure of veterans' benefits."

Speaking at the Legion Auxiliary Rehabilitation Conference, Lynch said that the flank attack has been carried out through a reduction of budget allowances for veterans' benefits. He said the cuts have forced personnel layoffs and a reduction in available beds in Veterans Administration hospitals.

DEMS BLOCK PROBE OF FHA

WASHINGTON (AP)—Democratic opposition threatened Friday to hold up a Senate Banking Committee report on alleged scandals in Federal Housing Administration operations.

Sen. Sparkman (D-Ala.) said in an interview he was "greatly disturbed" because the report as now written "blankets in entirely too much and does not give an accurate picture of what really happened."

"I don't want to see a condemnation of the whole building industry just because it contains a few bad actors," Sparkman said.

The interim report on an eight-month investigation had been ticketed for public release Dec. 15. Sparkman said he is "hopeful" Sen. Capehart (R-Ind.), chairman of the committee, would "not insist on filing the report until the 20th so as to give an opportunity toward working out major differences we have on what the report should say."

Capehart was not in Washington and could not be reached for comment. He has just returned from an official trip to South America.

Sparkman refused to divulge the "major differences" or discuss the contents of the report.

But sources in a position to know reported the document would put the committee on record as characterizing the housing "scandals" as "the biggest in history."

The first printing press in the Western Hemisphere was set up in Mexico City in 1539, says the National Geographic Society.

Ousted Employees To Get U.N. Salary

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly's Budgetary Committee voted Thursday to set up a fund to pay \$179,420 in indemnities to 11 Americans discharged from the United Nations last year. The employees of the secretariat were fired after they refused to tell U.S. investigators whether they were Communists.

The committee at the same time threw out a U.S.-backed plan to provide a system of reviewing decisions by the U.N. Administrative Tribunal, which had made the indemnity awards.

How To Get Fast Mailing

WASHINGTON (AP)—With only 15 more days to Christmas, Postmaster General Summerfield Friday offered this check list for getting the fastest results from the mailman:

1. Mail early.
2. Use postal zone numbers on cards, letters and packages.
3. Print both the address and the return address, including zone number on every item.
4. Tie Christmas cards in separate bundles for mailing marked "local" and "out-of-town." Printed slips with these labels are obtainable from postmen and post offices.
5. Place all packages in secure, well-padded cartons, and wrap them in well-bound strong paper.
6. Put in each parcel, inside the wrapping, a slip with both address and return address so that if the outside wrapping becomes undone, the package will not be lost.
- When packages are sealed, but offered at parcel post rates, they must be labeled "may be opened for inspection."

By 1965, the United States will have 81 million motor vehicles, it is estimated by the Automobile Club of New York.
